

SUREPRINT

MACHINERY - NOTTINGHAM

Introducing **TROJAN**
a revolutionary new
line of automatics:

MADE IN
THE UK

Presenting the first line of automatic carousels built in the UK for over 20 years! The Sureprint Trojan series machines are made entirely in Nottingham which ensures exceptional build quality and tailoring to bespoke specifications. The Trojan is designed to be an affordable, reliable and user friendly option for print shops looking to expand or making the first leap from manual to automatic.
